

Lou O'Loughlin

Inducted 9th May 2009

Lou O'Loughlin – Port FC.

The development of the oval and the old clubrooms from 1948 were the result of amazing efforts by so many people, all volunteers and Lou was one whose efforts were remarkable. As a builder, he devoted countless days to constructing the clubhouse, with the help of his workers and other club helpers. With little finance for materials, Lou made the most and got the best out of what he had available and he donated so much of the resources. Like so many others, he was there with the development of the oval and to do the many other jobs around the club.

The St. Mark's-Port Football Club's Hall of Fame is an honour bestowed upon those who have made a significant contribution to the game of Australian Football for the St. Mark's-Port Football club since our inception.
